Age Control Apple Stem Cell Facial

Our new breakthrough anti-aging treatment restores youth by regenerating skin cells and will take years off of your face. The intense self-regenerating properties stored in the apple's stem cells are the basis for this cutting-edge treatment. This 90-minute treatment includes the Apple Stem Cell Peel applied using lactic acid, phytic acid, resveratrol (grape-derived super antioxidant) to refresh and exfoliate while injecting skin with potent apple stem cells. The treatment is finished with Nano Mask and NutraSphere Stem Cell Transformer to plump, hydrate and reverse ALL signs of aging. **\$450**

Clarifying NutraSphere Facial

This clarifying facial targets breakout prone skin from teen to adult skin that can be caused by hormones, stress, diet and lifestyle. Based on a proprietary blend of probiotics, colloidal silver and sebum (oil) regulators and absorbers, this facial is designed to clarify and balance skin, and is also perfect for anyone who suffers from the occasional breakout. Not your typical anti-acne facial—the Clarifying NutraSphere Facial combats breakouts while nourishing, healing and even offering anti-aging benefits. **\$300**

Snake Venom Age Control Facial

This super-luxurious service uses nanosphere technology and a powerful blend of 12 anti-aging ingredients. This age-control facial treatment is designed to be a Botox® alternative. Created with SYN-AKE®, a synthetic ingredient that mimics the effects of temple viper snake venom, for a temporary relaxed appearance that works to gently reverse signs of aging. **\$450**
