## FACIALS

### **Fitness Facial**

True fitness for dehydrated and sensitive skin. The perfect combination of our deep cleansing treatments is applied to create a results-driven facial for a truly one-of-a-kind experience. **\$350**

### **Apple Stem Cell Facial**

Our new breakthrough anti-aging treatment restores youth by regenerating skin cells with our special apple stem cell nano technology to refresh and exfoliate while helping to reverse signs of aging. **\$450**

### **Clarifying NutraSphere Facial**

This clarifying facial targets breakout prone skin for teens to adults with a proprietary blend of probiotics and colloidal silver to clarify and balance skin while nourishing and healing. **\$350**

## PEELS

### **Acid Peel**

This effective yet gentle peel helps to brighten skin while treating any breakouts with a custom blend of green tea and wheat grass for a great complexion and radiant skin. Available for back, neck and chest. **\$150**

### **Diamond Peel**

This treatment is ideal to help smooth skin and erase marks, scars and discoloration while softening the look of fine lines and large pores with a diamond tipped wand. Available for back, neck and chest. **\$350**

## LED LIGHT TREATMENTS

### **LED Blue**

LED blue therapy targets cells beneath the surface of the skin to fight breakouts and prevent new ones for a great complexion and radiant skin. Available for back, stomach and chest. **\$800**

### **LED Red**

LED red therapy works to “wake up” collagen in your skin to calm skin redness, and the results are a plumper, firmer and more youthful complexion. Available for back, stomach and chest. **\$800**

### **Infrared Therapy**

This treatment is a deep rejuvenation for hypersensitive skin to remove wrinkles, age spots and sun damage. **\$800**

## SPECIALTY

### **Oxygen**

Hyperbaric oxygen, in conjunction with vitamins, minerals and cutting-edge rejuvenating peptides, are used throughout this treatment to nourish and revitalize the skin cells. **\$500**

### **Collagen**

Our NutraSphere collagen infrared beam technology with Omega 3 and 12 restores youth, firmness and elasticity to the skin, giving it a healthy glow. **\$800**

### **Chemical Peel**

This safe, effective peel utilizes professional grade Nano Peel, phytic acid and a complex of green apple stem cells to gently refine sun damage and acne scars and soften fine lines. **Customized for individual skin type. Inquire for pricing.**

### **Total Lift**

The latest break-through technology stimulates collagen production and the overall result is tighter skin which significantly reduces sagging and wrinkles. Available for stomach, thighs, face, neck and buttocks. **\$750 per session. Inquire for series pricing.**
